

Appointment Cancellation Policy

Our scheduling policy means that every appointment is dedicated to you. By not over-scheduling, we are able to consistently make your appointment time without running late, but it also makes the arrival time of each patient a priority. Because of this, **we reserve the right to charge \$35 for any appointments cancelled with less than 24-hours' notice.** As a medical facility, emergencies do arise. When this occurs, you may experience a slight delay, and we appreciate your understanding of a patient's urgent need.

I have read and understand the Appointment Cancellation Policy.
